

QHSE POLICY STATEMENT

QATAR BUILDING COMPANY - Roads & Maintenance division (QBC), is a part of the parent Qatar Building Company which was founded in 1971.

QBC's commitment to the integrated management system is founded in our corporate values and supports the strategic directions of the parent company. The integrated management system of **QBC** focuses on the core services provided which includes,

- Design, production, supply and laying of asphalt mixes
- Production and supply of polymer modified bitumen
- Design, production and supply of precast concrete products;
- Design, fabrication and supply of steel pipes and steel prefabrication products
- Design, fabrication and supply of road signage.
- Construction of road and related works
- Executing road marking and related safety works

It is the policy of **QBC** to clearly define, communicate, and understand the work requirements; conform to the requirements; and perform jobs **right the first time**. The management ensures that our commitment to the integrated management system is maintained throughout our operations and serves as our motivation for excellence and continual improvement.

The key corporate values includes our:

- Stride to achieve customer satisfaction
- Commitment to supply only zero defect products
- Dedication to improve employee development and wellbeing by committing to provide a safe and healthy working condition for the prevention of work related injury and ill health.
- Focus to achieve zero accident culture in the organization
- Commitment to eliminate hazards and reduce OH&S risks
- Commitment to protect the environment and implementing steps to prevent pollution
- Commitment to comply with all compliance obligations and other requirements related to the business process
- Support to the operations for continual improvement of our products and services
- Encouragement and engagement of our workers in the IMS process by actively consulting and participating them for improvements
- To continually enhance the performance of the IMS

To achieve these corporate values, **QBC** have developed an integrated management system in line with the requirements of ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 standards.

The top management of **QBC** is fully committed to the implementation and maintenance of our integrated management system and shall demonstrate its commitment by participating in the management review and ensuring that the objectives established are as per the risks and opportunities identified and in line with the strategic directions of the company.

The top management shall ensure the continuing suitability of the IMS by providing adequate resources on a timely basis.
